### What is EFT?

Electronic Funds Transfer (EFT) allows MediGold (HMO) to electronically withdraw your monthly premium payments directly from your bank account around the 10th of every month.

### How do I start EFT?

Complete and return this form and attach a voided check or savings deposit slip where indicated below, for the account listed on the form. If your check or savings deposit does not include your account number and routing number, then you may provide a letter from your bank with this information. Your first EFT will occur on or around the 10th of the month following MediGold's receipt of this form. Please note: Any and all past due premiums (if applicable) will also be withdrawn from your account at that time.
